INFORMAL SPRING "OPENING" THE PALAIS ROYAL

EASTER comes late this year, and so will our formal "Opening" of spring fashious. The informal exhibi tion and sale that is to occur Monday will demonstrate that the major part of our importations for the spring have already arrived.

OPENING OF 1892 LACES.

THE spring importation having new been all reseived we invite inspection of a most complete collection. No less than 72 different designs of Point d'Ireland Laces. These are the very latest, having superseded the coarser Point Gene and Guipure d Gene Laces. Of Black Silk, 35c. to \$3 a yard; of Beige Silk, The to \$1.20 a yard; of White and Beige Cotton and Linen, 14c. to \$3 a yard,

POINT D' IRELAND

is one of the family of Guipure de Gene Laces, but only as the thoroughbred and cart horses are related. For example: Here is Point d' Ireland Lace, 9 inches wide, at tide, and \$1.50 yard. Here the Guipurede Gene in same width at only 25c. a yard. There is a similarity of design, but place them side by side and you will see the difference. We only mention this because we have spent much time, thought and money in collecting this matchiese stock of Point d' Ireland Laces, and we don't intend to allow others to put forth Guipure de Gene Laces as Point d' Ireland.

TORCHON LACES for '92 have all arrived. We keep none but all-tinen terchens. Bought more largely and wisely than last year. Prices as before, but qualities better-as good lace this year at 59c. as offered at 75c, during 1891.

AND so with Silk Laces. These of Black Chantilly at 13c, and 18c, a vari are equal to last year's at 19 and 25c.

And these Demi-flouncings-15 inches wide-from 55c. to \$2 yard. Where else such variety or such qualities for the prices! 42-inch Flouncings from \$1 to \$5.50 a yard. 48inch Nets, 48c. to \$4.98 a yard. Edges, &c., to match from Sc. to \$2 a yard.

A PRACTICAL MEMENTO.

THE BUYER OF THE HOSIERY AND UNDER wear departments will present to customers on Mon-day a celluloid shopping memorands tablet, containing calendar, and quote special prices as follows: Yast Black Hose in ladies' and children's sizes, ribbed and plain, high spliced heeis, &c.; 24c, for one pair.

What Acting Secretary of the Treasure Spaulding Says on the Subject. The report that Great Britain has consented to take part in an international monetary conference, and has indicated that the Bank of England is willing to hold one fifth of its revenue in silver, is denied at the Treasury Department in the most positive terms, and one prominent official made no attempt to conceal his opinion that the present agitation of the question is for the sole purpose of influencing favorable action on Senator Teller's bill now before the Senator Teller's bill now be Senator Teller's bill now before the Senate providing for an international conference and therapy effecting a postponement of setion at this session of Congress on the question of free silver. Gen. Spaulding, the acting secretary of the treasury, who is certainly well informed on the subject, we saked this afternoon if it is true that Great Britain indicated its willingness to participate in a menutery conference. "I have no information of such action on the part of Great Britain." he said, "and I do not believe the report."

"No, I think not," he answered. "There's nothing to say about it, simply because there's reelly nothing in it. You see, I can't say what I don't knew."

It is learned from other sources of unquestioned reliability that there has been no material change in the situation on this question since the opening of this session of Congress, when the President in his named message on the subject of bimetallism said:

"I have endeavored by the use of official and unofficial agencies to been a close observation of the spirit of public sentiment in Europe on this question and have not found it to be such as to justify me in proposing an international conference."
